EDUCATION

Korea University Seoul, Korea
M.S. in Computer Science and Engineering Sep. 2026 – Present
Advisor: Prof. Gerard Jounghyun Kim · DXP Lab (HCI · VR/XR)

Dongguk University Seoul, Korea
B.S. in Department of Artificial Intelligence – Multimedia Software Engineering Mar. 2021 – Aug. 2026
Thesis: Development of a Real-Time Immersive Sports Game Based on TCN and Reinforcement Learning
Advisor: Prof. Kyungeun Cho
GPA: 4.4 / 4.5 (99 / 100) · Valedictorian

RESEARCH EXPERIENCE

T.B.A

PUBLICATIONS / PRESENTATIONS

WORK EXPERIENCE

R&D Researcher at CV Team Seoul, Korea
SFACSPACE Co., Ltd. Jan. – Jul. 2026
Participated in government-funded R&D projects in computer vision and 3D reconstruction (see Projects).

PROJECTS

Web-Based Real-Time 3D/4D Gaussian Splatting Editor Development 2026
Team Member / R&D Researcher (Computer Vision) at SFACSPACE Co., Ltd.

- Owned the editing, camera, and lighting stages: capture → clean → light → film.
- Implemented shader-based relighting for splats, which have no surface normals, at 60 FPS on 1M+ splats.

LiDAR–360° Camera Fusion Pipeline for 3D Gaussian Splatting 2026
Team Member / R&D Researcher (Computer Vision) at SFACSPACE Co., Ltd.

- Sole engineer on an end-to-end pipeline fusing LiDAR and a 360° camera into 3DGS / SLAM inputs.
- Built cube-face reprojection, calibration (0.99 px reprojection error), and IMU–video time sync.

Real-Time Immersive Sports Game Based on TCN: Capstone Design 2025
Team Lead / AI Algorithm Developer at Dongguk University

- Led a 5-person team; owned the pipeline: labeling → features → training → real-time inference.
- Built a 2,000-swing dataset with video-level splits — 0.980 macro F1 on held-out recordings.

Game Development Projects

- ATTIS — Unity · defense/healing adventure · Team Leader 2024–2026
- DDANG! DDANG! DDANG! — Unreal · split-screen PvP · Team Leader 2025
- Grow My Farm — Unity · farming/tycoon sim · Team Member 2025
- Cat's Meow — Unity · 3D stealth platformer · Team Leader 2024
- Voidlight — Unity · narrative game jam · Team Leader 2024
- FluX — Unity · arcade shooter · 10-Minute Contest (judging-round 1st) · Team Leader 2024

AWARDS AND HONORS

Awards

Grand Prize — 2025 Winter Capstone Design Competition *Dongguk Univ.* Dec. 2025
Excellence Prize — ICONTHON (smart QR attendance system) *Dongguk Univ.* Nov. 2024
Excellence Prize — CAMPUTHON (campus networking service) *Dongguk Univ.* Jul. 2024

Honors

Graduated Summa Cum Laude (Highest Honors), Valedictorian *Dongguk Univ.* 2026, Fall
Merit-based Scholarship, Top Award *Dongguk Univ.* 2024, Fall
Merit-based Scholarship, Top Award *Dongguk Univ.* 2024, Spring
Merit-based Scholarship, Top Award *Dongguk Univ.* 2021, Fall
SW-Centered University Competition, Excellence Scholarship *Dongguk Univ.* 2025, Winter
Merit-based Scholarship, Excellence Award *Dongguk Univ.* 2025, Fall
Merit-based Scholarship, Excellence Award *Dongguk Univ.* 2025, Spring

RESEARCH INTERESTS

- HCI, Spatial Computing
- XR
- Human-Centered AI

SKILLS

Languages: Python, JavaScript / TypeScript, C++, SQL
AI / CV & Graphics: PyTorch, MediaPipe, NeRF, 3D/4D Gaussian Splatting, WebGL, Shaders
Engines & Tools: Unity, Unreal Engine, Figma, Git, Notion

OTHERS

English Proficiency

- TOEIC Speaking IM3 (2025.09)

Certification

- SQLD (2025.09)

Training

- Web Development Bootcamp at Comento Dec. 2025 – Jan. 2026

Extracurricular Activities

Student Council — Director of Public Relations *at Dongguk University* 2021, 2024, 2025

- Managed student council social media and created promotional card-news content.

Kangwon Land Mentoring Program *at Kangwon Land* 2021, 2024, 2025

- Provided online math and science mentoring for students in former mining regions.

Organizing Team — Public Relations *at GameMakers 9th* Aug. 2024 – Feb. 2025

- Managed social media and built landing pages for the developer community.

26th Winter Student Volunteer Camp *at KOSAF* Feb. 2022

- Participated in an educational volunteer program for students.
